Internet access for library users

(only for public computer workstations and non-HU-members)

**I no Wi-Fi-Access:** It is not possible to access wireless network with a library account. For wireless access you need a different account (eduroam), which Humboldt-University offers to its own students and employees exclusively. Students from other universities should contact their IT-department at their universities respectively, most universities offer eduroam accounts to their staff and students as well. Read more at [www.eduroam.org](http://www.eduroam.org).

### Library-ID and Log-in at the computer

#### Apply for a library card
1. Double-click the button ‘Account beantragen’ on the desktop of a public computer
2. Fill out the online form and send
3. Fill out the green paper form and get your library card at the loan desk (ground floor). - Please keep your ID or passport and if you have any your student ID at hand.

#### Activate your account to log onto the computers
4. Select ‘Primus-Suchmaschine’ on the desktop – (you can switch the website’s language at the small flag in the center at the top of the page) – log in with your library ID (HUUB…) and your password
5. Change your password (‘My Account’ → ‘Settings’ → ‘Change Email/Password’) and choose a secure one which is at least 8 characters long, contains letters, numbers and special characters: + - % , , () / Names, words, letter and number strings are not permitted.
6. Log out from the catalogue, wait about 10 minutes for the activation and log in into windows.

**Your library account is now enabled for logging in into Windows-workstations**

To log in and use the computers, click on the desktop on ‘Windows-Anmeldung’, enter your username followed by “@user”, as shown in the image below:
