

Workshop: Data management plans for EU, DFG and BMBF

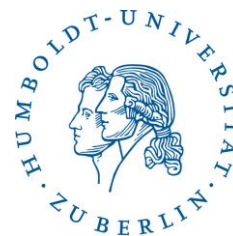

Foto: © HU, Maxi Kindling

The University Library and Computer and Media Service of Humboldt-Universität zu Berlin offer an application-oriented workshop with the topic **“Data management plans for EU, DFG and BMBF”** in winter semester 2015/16.

The following topics will be addressed:

- What are data management plans?
- Why do I need a data management plan?
- How does a good data management plan look like? Which aspects need to be kept in mind?
- Practical work with the tool DMPonline (<https://dmponline.dcc.ac.uk/>)
- Discussion, Q&A session

Research funders like DFG, BMBF or EU increasingly expect a statement on the handling of research data. The workshop teaches skills for the independent creation of a data management plan. Previous knowledge is not required.

Target audience: Researchers and doctoral candidates
from all departments

**Number of
participants:**

max. 12

Date:

Thursday, October 22nd, 2015
16.30 – 18.00 (s.t.)

Place:

Jacob-und-Wilhelm-Grimm-Zentrum,
Geschwister-Scholl-Straße 1/3,
Room 1`310

Date in iCal-format

Registration till October 16th via e-mail to:

Kerstin.Helbig@cms.hu-berlin.de
